Dear Resident

BISLEY / MOANA AVE – TRAFFIC CALMING TRIAL

Nelson City Council (NCC) has received a number of complaints about the speed and volume of vehicles traveling up and down Bisley Ave and Moana Ave.

We have investigated this, and the data shows that there is a speed issue in the area. To make the environment safer for all road users, we are proposing to install speed cushions at 9 locations along the road between the Princes Drive roundabout and Rocks Road SH6. This will help to ensure road users take more care while driving along this section of road.

The approx. location of the 9 speed cushions is shown in the table below.

Street	Address	Type
Bisley Ave	17 & 24	Speed Cushion
Bisley Ave	40 & 47	Speed Cushion
Bisley Ave	74	Speed Cushion
Bisley Ave	71 & 82	Speed Cushion
Moana Ave	96 & 109	Speed Cushion
Moana Ave	108	Speed Cushion
Moana Ave	139	Speed Cushion
Moana Ave	151, 153 & 160	Speed Cushion
Moana Ave	172 & 176	Speed Cushion

This work will be undertaken as a trial for a period of 2 years. In this time data will be collected to review the effectiveness of reducing overall speeds.

During this time, we want to get your feedback. This can be provided by emailing road.enquiries@ncc.govt.nz, Shape.nelson.govt.nz/improving-safety-our-streets, or by calling 03 546 0200. The feedback will be open for 2 years until the end of December 2025.

Throughout the trial, data will be collected and analysed to inform the final decision on whether to make the speed humps permanent. Alternatively, an alternative layout could be recommended, or the street could be returned to the pre-trial layout.

Our contractors will look to install these speed humps between 15 January 2024 and 16 February 2024. This work will require traffic management to be in place, and we ask that you please follow the directions provided by our on-site contractors.

This work should take 5 days to complete (weather dependent).

Thank you to everyone who has provided feedback on the speed issues to date, and thanks in advance to the entire Moana Community for your patience while these safety features are installed.

Ngā mihi,

Nelson City Transport Team
