

WORKS NOTICE – Parere Street Renewals

WHAT: Site Investigation- Service Locations & Potholing

LOCATION: Parere Street **HOURS:** 6:30am- 5.30pm

DATE: 10 & 11 November **TRAFFIC:** One Way

Alternative Dates 12 & 13
November

WHAT ARE WE DOING?

Investigation work will be carried out along Parere Street and the intersections of Vanguard and St Vincent Streets. The results from this work will inform the design for a future upgrade to the wastewater services. We will also take this opportunity to strengthen the road carriage.

WHY ARE WE DOING IT?

The wastewater services in Parere Street are more than 70 years old and have reached the end of their serviceable life. Upgrading these services will help reduce future disruption for residents and businesses.

DURATION:

Work should be completed within one day. We have allowed for two days for any unforeseen circumstances.

Council Project Manager: Jonny Edmonds
