Kia ora,

ORPHANAGE STREAM – STREAM BANK EROSION CONTROL

During the August 2022 weather event some of Nelson's rivers and streams suffered stream bank or stream bed erosion, and/or were inundated with flood debris. We need to remediate some of these areas to reduce the chance of the river flooding again and further damaging Council assets and/or private property.

We have identified an area of significant bank erosion along the right bank of Orphanage Stream, located behind 28 Sunningdale Street. We will be repairing banks that have been scoured out around the gabion baskets. We will also be placing rock on the right bank downstream of the gabion baskets.

While we are working in the stream, we will be clearing some overgrown vegetation, mostly willows, from the area extending to 2 Woodford Lane.

This work will take around 2 weeks to complete (weather dependent). The approximate area of repair is shown highlighted and circled in Figure 1 below.

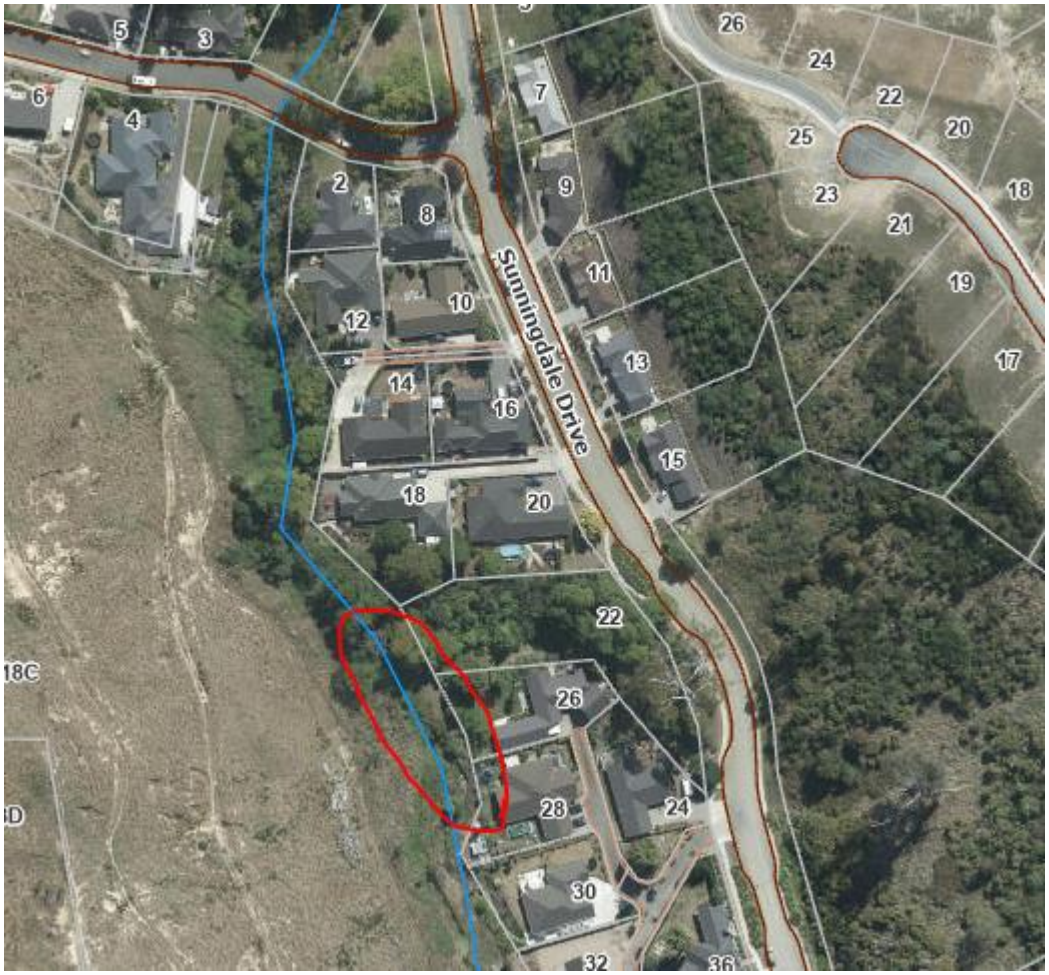

Figure 1: Taken from Top of the South Maps.

If you have any questions or queries in relation to this work, please feel free to contact either me, by phone on 022 0264691 or by email on rebecca.thiessen@ncc.govt.nz, or Marc Jary by phone on 027 3886077 or by email on mjary@nelmac.co.nz.

There may be some noise associated with this work, so we apologise for any inconvenience that this may cause.

We appreciate your patience while this work is completed.

Yours sincerely,

Rebecca Thiessen

Utilities Engineering Officer – Flood Recovery
